

CRITHINKEDU

2016-1-PT01-KA203-022808

CRITHINKEDU is an opportunity to foster dialogue in **Critical Thinking (CT)** among relevant actors in a joint industry-university forum, with continuous effort to align learning outcomes with real world challenges.

Coordinator: Universidade de Trás-os-Montes e Alto Douro, Portugal

Duration: 2016-2019

Critical Thinking Across the European
Higher Education Curricula

AIMS

- Align **CT learning outcomes** with the current societal challenges and labour market needs.
- Propose **guidelines and instructional approaches** to CT education across Higher Education Institutions (HEI).
- Deliver a set of **recommendations and educational strategies** for **teaching CT**.
- Propose **quality assurance criteria** for CT education across universities.
- Create a **European network** to share best practices and research on CT education.

ACTIVITIES AND OUTPUTS

- **European collection of CT skills needed** in different professional sectors.
- **European review of the different CT educational practices** developed by the European HEI.
- **Training course on CT education** for professional development of teachers and trainers.
- Proposal of **European guidelines for quality assurance criteria** in CT education across HEI.
- The **“European Day for CT education” – a pitch bootcamp** with partners, faculty teaching, students, business corporations and NGOs.
- The **“European Meeting on CT education for 21st century challenges”** – with European experts, researchers, partners, business corporations and NGOs.
- **Special Issue** on “CT education in HEI curricula for 21st century challenges”.

TARGETS AND BENEFICIARIES

- Higher Education Institutions.
- Faculty Teachers.
- Higher Education Students.
- Companies and Employers.
- NGOs.
